INSTRUCTIONS FOR USE	INSTRUCTIONS D'UTILISATION
Do not use chrome-plated products with thermal, saline or non-potable water, or with water that falls outside the temperature, pH, hardness, chloride or other water-quality limits specified in the technical data sheet supplied with the product.	N'utilisez pas les produits chromés avec des eaux thermales, salines ou non potables, ni avec une eau dont la température, le pH, la dureté, la teneur en chlorures ou les autres caractéristiques dépassent les limites indiquées dans la fiche technique fournie avec le produit.
Do not leave products installed and unprotected for prolonged periods in buildings under construction. Products must be protected against cement and plaster dust, paint, chemicals, impact and other construction-related contamination.	Ne laissez pas les produits installés et sans protection pendant une longue période dans des bâtiments en cours de construction. Les produits doivent être protégés contre les poussières de ciment et de plâtre, la peinture, les produits chimiques, les chocs et les autres contaminations liées au chantier.
Do not use acidic or abrasive cleaning agents when cleaning the products or surrounding bathroom ceramic surfaces.	N'utilisez pas de produits de nettoyage acides ou abrasifs pour nettoyer les produits ou les surfaces céramiques environnantes de la salle de bains.
Chemical substances present in the air may combine with humidity and cause deterioration of the product surface. Do not use hard or abrasive materials, green scouring pads, metal scouring pads or steel wool to clean the product.	Les substances chimiques présentes dans l'air peuvent se combiner avec l'humidité et provoquer une détérioration de la surface du produit. N'utilisez pas de matériaux durs ou abrasifs, d'éponges à récurer à face verte, de tampons métalliques ou de laine d'acier.
Cleaning the product with a soft cloth and mild soapy water, followed by drying with a clean, dry cloth, is sufficient. In areas with hard water, the product must be cleaned more frequently. In bathrooms that are not used for extended periods, the products must be wiped and dried after the final use.	Pour le nettoyage, il suffit d'essuyer le produit avec un chiffon doux et de l'eau légèrement savonneuse, puis de le sécher avec un chiffon propre et sec. Dans les zones où l'eau est dure, le produit doit être nettoyé plus fréquemment. Dans les salles de bains qui restent inutilisées pendant une longue période, les produits doivent être essuyés et séchés après la dernière utilisation.
Failure to comply with these instructions may result in product damage. Any exclusion from the commercial warranty shall apply only to the extent that the relevant damage was directly caused by non-compliance with these instructions. Nothing in these instructions limits the Customer's mandatory rights under applicable Cameroonian law.	Le non-respect des présentes instructions peut entraîner des dommages. Toute exclusion de la garantie commerciale ne s'applique que dans la mesure où le dommage concerné résulte directement du non-respect des présentes instructions. Aucune disposition des présentes instructions ne limite les droits impératifs du Client prévus par la législation camerounaise applicable.

WARRANTY TERMS	CONDITIONS DE GARANTIE
1) The commercial warranty periods are as follows: • Functional components of concealed shower mixers: five (5) years; • PVD-coated products and coloured products or finishes: two (2) years; • Other mixers and taps: two (2) years; • Shower sets and bathroom accessories: three (3) years. Where more than one category applies to the same product, the functional components and the surface finish shall each be covered for their respective warranty periods. The warranty period begins on the date of delivery shown on the invoice, receipt or delivery note. This commercial warranty is additional to, and does not replace, any mandatory statutory guarantee.	1) Les durées de la garantie commerciale sont les suivantes : • Composants fonctionnels des mitigeurs de douche encastrés : cinq (5) ans ; • Produits revêtus de PVD et produits ou finitions colorés : deux (2) ans ; • Autres mitigeurs et robinets : deux (2) ans ; • Ensembles de douche et accessoires de salle de bains : trois (3) ans. Lorsqu'un même produit relève de plusieurs catégories, les composants fonctionnels et la finition de surface bénéficient chacun de la durée de garantie qui leur est propre. La garantie prend effet à compter de la date de livraison figurant sur la facture, le ticket de caisse ou le bon de livraison. La présente garantie commerciale s'ajoute aux garanties légales impératives et ne les remplace pas.
2) All parts of the product are covered against defects in materials and workmanship for the applicable warranty period, subject to the terms stated herein and mandatory Cameroonian law.	2) Toutes les pièces du produit sont garanties contre les défauts de matière et de fabrication pendant la durée applicable, sous réserve des présentes conditions et de la législation camerounaise impérative.
3) Where a product is accepted for repair under the warranty, the number of days during which the product remains unavailable because of the repair shall be added to the applicable warranty period.	3) Lorsqu'un produit est accepté en réparation au titre de la garantie, le nombre de jours pendant lesquels le produit reste indisponible en raison de cette réparation est ajouté à la durée de garantie applicable.
4) Warranty repairs must be completed as quickly as reasonably possible and shall not exceed fifteen (15) calendar days from the date on which the product is handed over to the Seller or authorised after-sales service provider, or the defect is formally established, whichever occurs first.	4) Toute réparation sous garantie doit être effectuée dans les meilleurs délais et ne peut excéder quinze (15) jours calendaires à compter de la date à laquelle le produit est remis au Vendeur ou au service après-vente agréé, ou de la date à laquelle le défaut est formellement constaté, selon la date la plus proche.
5) A defect may be reported by telephone, email or any other written means made available by the Seller. The Seller shall issue or retain a written record of the complaint. The Customer may establish the purchase by presenting the warranty certificate, invoice, cash receipt, delivery note or any other reliable evidence. The absence or loss of the warranty certificate does not, by itself, invalidate the warranty.	5) Le défaut peut être signalé par téléphone, par courrier électronique ou par tout autre moyen écrit mis à disposition par le Vendeur. Le Vendeur établit ou conserve une trace écrite de la réclamation. Le Client peut justifier l'achat au moyen du certificat de garantie, de la facture, du ticket de caisse, du bon de livraison ou de tout autre moyen de preuve fiable. L'absence ou la perte du certificat de garantie n'entraîne pas, à elle seule, la perte de la garantie.

ENGLISH	FRANÇAIS
6) Throughout the repair period, the Seller shall make available to the Customer a substitute product with comparable functionality in order to avoid unreasonable inconvenience. Where providing a substitute product is impossible, compensation shall be agreed with the Customer in accordance with applicable law.	6) Pendant toute la durée de la réparation, le Vendeur met à la disposition du Client un produit de remplacement présentant une fonctionnalité comparable afin d'éviter un désagrément excessif. Lorsque la fourniture d'un produit de remplacement est impossible, une indemnisation est convenue avec le Client conformément à la législation applicable.
7) Where the product fails because of a defect in materials or workmanship during the applicable warranty period, it shall be repaired or replaced without charge. All costs reasonably necessary to implement the warranty, including labour, replacement parts, necessary transport and handling, shall be borne by the Seller or Importer. Damage caused by incorrect installation is excluded only where the installation was not performed by the Seller or its authorised service provider and the incorrect installation directly caused the damage.	7) Lorsque le produit tombe en panne en raison d'un défaut de matière ou de fabrication pendant la durée de garantie applicable, il est réparé ou remplacé sans frais. Tous les frais raisonnablement nécessaires à l'exécution de la garantie, notamment la main-d'oeuvre, les pièces de remplacement, le transport et la manutention nécessaires, sont supportés par le Vendeur ou l'Importateur. Les erreurs d'installation ne sont exclues que lorsque l'installation n'a pas été réalisée par le Vendeur ou son service agréé et que l'erreur d'installation a directement causé le dommage.
8) Where the defect is sufficiently serious that the product remains wholly or partially unusable despite repair, the Seller shall replace the product. Where repair or replacement is impossible, the Seller shall refund the price without delay: • If the product is partially unusable and the Customer chooses to retain it, the refund shall be partial and proportionate to the loss suffered; • If the product is wholly unusable, the refund shall be complete and the defective product shall be returned to the Seller. The Customer retains all other mandatory rights, including the right to seek cancellation or revision of the contract and compensation for proven damage, where applicable.	8) Lorsque le défaut est suffisamment grave pour que le produit demeure totalement ou partiellement inutilisable malgré sa réparation, le Vendeur procède au remplacement du produit. Lorsque la réparation ou le remplacement est impossible, le Vendeur rembourse le prix sans délai dans les conditions suivantes : • Lorsque le produit est partiellement inutilisable et que le Client choisit de le conserver, le remboursement est partiel et proportionnel à la perte subie ; • Lorsque le produit est totalement inutilisable, le remboursement est intégral et le produit défectueux est restitué au Vendeur. Le Client conserve tous ses autres droits impératifs, notamment le droit de demander, selon le cas, la résolution ou la révision du contrat ainsi que la réparation du préjudice subi.
9) After-sales service shall be provided by the Seller or by a contracted third party acting under the Seller's responsibility. Where applicable, the manufacturer's warranty attached to an imported product shall be honoured for successive purchasers in accordance with Cameroonian law.	9) Le service après-vente est assuré par le Vendeur ou par un tiers lié contractuellement au Vendeur et agissant sous la responsabilité de celui-ci. Le cas échéant, la garantie-constructeur attachée à un produit importé est accordée aux acquéreurs successifs conformément à la législation camerounaise.
10) No provision of this commercial warranty excludes or limits any mandatory statutory guarantee, liability for hidden defects or other rights granted to the Customer under applicable Cameroonian law.	10) Aucune disposition de la présente garantie commerciale ne peut exclure ou limiter une garantie légale impérative, la responsabilité relative aux vices cachés ou tout autre droit accordé au Client par la législation camerounaise applicable.

EXCLUSIONS FROM THE COMMERCIAL WARRANTY	EXCLUSIONS DE LA GARANTIE COMMERCIALE
<i>Subject to mandatory Cameroonian law, the commercial warranty does not cover damage where and to the extent that the Seller establishes that the damage was directly caused by one or more of the following:</i>	<i>Sous réserve des dispositions impératives de la législation camerounaise, la garantie commerciale ne couvre pas les dommages lorsque et dans la mesure où le Vendeur établit que ceux-ci ont été directement causés par l'une ou plusieurs des situations suivantes :</i>
1) Use, installation or maintenance contrary to the installation, operating or maintenance instructions supplied with the product, including use with thermal, saline or non-potable water or water outside the limits specified in the product technical documentation.	1) Une utilisation, une installation ou un entretien contraire aux instructions d'installation, d'utilisation ou d'entretien fournies avec le produit, y compris l'utilisation avec des eaux thermales, salines ou non potables ou avec une eau dépassant les limites indiquées dans la documentation technique du produit.
2) Defective plumbing, incorrect installation or unauthorised modification carried out by the Customer or by a third party not acting under the Seller's responsibility. This exclusion does not apply where the installation or modification was carried out by the Seller or its authorised service provider.	2) Une plomberie défectueuse, une installation incorrecte ou une modification non autorisée réalisée par le Client ou par un tiers n'agissant pas sous la responsabilité du Vendeur. Cette exclusion ne s'applique pas lorsque l'installation ou la modification a été réalisée par le Vendeur ou son service agréé.
3) Uncontrolled water pressure, pressure surges, water hammer or operation outside the pressure range specified in the product documentation. Unless otherwise stated in the technical data sheet, the recommended dynamic supply pressure is 3-4 bar. A suitable pressure regulator must be installed where the supply pressure may exceed the permitted range.	3) Une pression d'eau non maîtrisée, des variations brusques de pression, des coups de bélier ou une utilisation en dehors de la plage de pression indiquée dans la documentation du produit. Sauf indication contraire de la fiche technique, la pression dynamique d'alimentation recommandée est de 3 à 4 bars. Un régulateur de pression approprié doit être installé lorsque la pression d'alimentation risque de dépasser la plage autorisée.
4) Sand, mud, sealing fibres, construction debris or other foreign materials entering the product through the plumbing system and directly causing the malfunction.	4) La présence de sable, de boue, de filasse d'étanchéité, de résidus de chantier ou d'autres corps étrangers dans le réseau de plomberie ayant directement provoqué le dysfonctionnement.
5) Dropping, impact or physical damage occurring during loading, transport, unloading or installation, where such damage is attributable to the Customer or to a third party outside the Seller's responsibility. Damage occurring during transport or installation arranged by the Seller is not excluded on this basis.	5) Une chute, un choc ou un dommage physique survenu pendant le chargement, le transport, le déchargement ou l'installation, lorsque ce dommage est imputable au Client ou à un tiers ne relevant pas de la responsabilité du Vendeur. Les dommages survenus pendant un transport ou une installation organisé par le Vendeur ne sont pas exclus à ce titre.
6) Prolonged exposure of an installed and unprotected product to construction dust, paint, cement, plaster, chemicals, impacts or similar construction-site conditions.	6) L'exposition prolongée d'un produit installé et non protégé aux poussières de chantier, à la peinture, au ciment, au plâtre, aux produits chimiques, aux chocs ou à des conditions similaires de chantier.

ENGLISH	FRANÇAIS
7) Improper, abusive, forceful or unusually harsh use.	7) Une utilisation incorrecte, abusive, forcée ou anormalement brutale.
8) Limescale or mineral deposits caused by local water conditions and insufficient cleaning or maintenance.	8) Les dépôts de calcaire ou de minéraux résultant des caractéristiques locales de l'eau et d'un nettoyage ou d'un entretien insuffisant.
9) Deformation, corrosion or surface damage caused by acidic, abrasive or otherwise unsuitable cleaning products or materials.	9) Les déformations, la corrosion ou les dommages de surface causés par des produits ou matériels de nettoyage acides, abrasifs ou autrement inadaptés.
10) Incompatible or non-original spare parts, but only where such parts directly caused or contributed to the malfunction.	10) L'utilisation de pièces de rechange incompatibles ou non originales, uniquement lorsque ces pièces ont directement causé ou aggravé le dysfonctionnement.
11) Freezing of water inside the product resulting in cracking or damage to the body, cartridge, valve or other components.	11) Le gel de l'eau à l'intérieur du produit ayant provoqué une fissuration ou un dommage au corps, à la cartouche, à la vanne ou à d'autres composants.
12) Use of the product for a purpose other than its stated and reasonably intended purpose.	12) L'utilisation du produit à une fin autre que celle expressément indiquée ou raisonnablement prévue.
PROOF OF PURCHASE	JUSTIFICATIF D'ACHAT
The absence of an approved warranty certificate or invoice is not, by itself, a reason to reject a warranty claim. A cash receipt, delivery note, electronic sales record or any other reliable evidence establishing the sale and delivery may be accepted.	L'absence d'un certificat de garantie approuvé ou d'une facture ne constitue pas, à elle seule, un motif de rejet d'une demande de garantie. Un ticket de caisse, un bon de livraison, un enregistrement électronique de la vente ou tout autre moyen de preuve fiable établissant la vente et la livraison peut être accepté.
